

City of London Carers Forum

Make sure your voice gets heard at
the forum on Tuesday 31st January

If you're caring for someone who lives in the
City of London, then
**join the Carers Forum on Tuesday 31 January 2-4pm
at the Ralph Perring room in the Golden Lane Estate.**

- It's a group run by carers, for carers, to address issues that matter to you, and make sure your voice is heard
- You can raise issues about the quality of local services, or suggest ideas for new services
- Or take part in local consultations with City of London, HealthWatch, or the Clinical Commissioning Group (CCG)

Come along to take part and give your view on the issues
that are most important to carers in City of London
